We are excited to offer you a wonderful opportunity to support our bullying prevention program which features the film *Stand UP* along with the *Kindness and Empathy Educational Guide* that opens conversations and builds solutions around bullying to keep kids safe. Far too many children are afraid to go to school for fear of bullying and our goal is to make the film and enrichment guide available to every school in Connecticut at no charge.

In addition, we are bringing back *Stand UP the Musical* in the fall of 2022 so that Connecticut children, families and educators can experience a live production showcasing inspiring songs and dialogue addressing bullying and how kindness, empathy and acceptance are tools that can be used to keep our kids safe.

We are happy to promote our supporters through logo/name on our website, in social media and at live fundraising events that we have planned for this year. Your generous contribution will not only benefit your company through increased visibility but also enhance your image as a supportive community member.

All donations are tax deductible, Stand UP and Speak OUT (susofilms) is partnered with the Connecticut Commission on Women, Children, Seniors, Equity and Opportunity and the Connecticut Association of Human Services providing our non-profit status.
